

LUKE CONNER (1981-2021)

On 10th July 2021 with great sadness Luke Connor passed away. Luke was the Chairman of the British Business Club from 2017-21 and in this role he passionately contributed to improving British-Russian business relations.

Luke had great insight, intellect, and passion for the potential for business in Russia. For all those who came to know, admire, and love him a chance to listen to him once again in his vibrant and positive way. A passionate supporter of his beloved Derby County FC and England FC.

Luke always had time for everyone, whatever their background. His wit, intellect and charisma brought much happiness to those around him. A genuine, open, gentle, and generous guy, his energy and passion to help the British-Russian community has inspired us to host this football event.

Our thoughts and prayers are with his wife Alexandra and his young family. Luke will be forever in our hearts.

We look forward to hearing your positive reply and will be glad to speak more about this in person or via telephone if you wish further information.

Kind regards,

Svetlana Kondrashina-Scott, British Business Club

Richard Peers, British Football School, Russia
